

## WD Caviar Blue™

Rock solid performance  
for everyday computing.

## WD Caviar Green™

Cool, quiet, eco-friendly.

## WD Caviar Black™

Maximum performance  
for power computing.

We make it easy to pick  
**the perfect drive.**

### The power of choice. The quality of WD.

WD quality now comes in colors. And our colors make it easy to choose the hard drive that's right for you. Think Blue for rock steady reliability for most users and applications. Go Green and get up to 40% energy savings and cooler operation. Or choose Black when you demand maximum performance. They're all part of the WD Caviar family of desktop drives, each built around your individual needs and all manufactured to our world-class standards. Available in capacities up to 2 TB, all you have to do is pick your color and size. Then you'll know you've made the perfect choice: WD quality.
