

“In my field, staying on top requires keeping 100% of my clients’ critical data secure.”

—Thomas Kim
Tax Accountant

My Book® Mirror Edition™ Dual-drive Storage System

Thomas' clients trust him with mountains of sensitive information, and data loss is definitely not an option. That's why he relies on WD's My Book Mirror Edition. With dual-drive, RAID-based technology, it comes pre-set for mirroring and automatic, continuous backup. So he knows all his vital data is protected, all the time. Its vast capacity lets him keep towering stacks of work in one convenient package, while "set and forget" simplicity and USB 2.0 connectivity make it easy to use. For Thomas, it all adds up to make My Book Mirror Edition his choice for the ultimate in data security. [Read more about Thomas at www.wdmybook.com](http://www.wdmybook.com)
