

# Relax.

## Backup and storage for all the computers in your home.

With My Book World Edition you can have automatic, continuous back-up for all the computers in your home. Just set it up once and forget it; all your family's data is backed up. Enjoy that hammock time knowing that your family's photos, music, videos and important files are safe. Add in lightning fast performance, up to 2 TB of centralized storage, media streaming and remote access for a complete home network storage solution. For much more information drop by [www.westerndigital.com](http://www.westerndigital.com).
