

Maximum speed meets maximum portability.

WD Scorpio® Black™
Mobile Hard Drives

You seek performance. You seek portability. That's why we made WD Scorpio Black. A blistering 7200 RPM. 16 MB cache. Capacities from 80 to 320 GB. Shock-resistant. All coupled with WD proprietary technologies that lower power consumption and dramatically reduce noise. And all served up in a very compact 2.5-inch design, making it the perfect choice for notebooks, external drives, gaming systems and blade servers. WD Scorpio Black. Desktop performance in a portable world.

The power of choice, the quality of WD.
